

Ladies and gentlemen,

Today, I am both honored and humbled to stand before you and speak about the immense impact our mentors have had on us. Their guidance, wisdom, and unwavering support have been the cornerstone of our journey.

To our mentors, thank you for believing in our potential, even when we struggled to see it ourselves. Your patience and encouragement have been a source of strength and inspiration. With every step we took, you were there, providing valuable insights and sharing your wealth of knowledge. Your dedication to our development has not only shaped our skills but also our character. You have taught us not just how to succeed, but how to learn from our failures and grow from them.

On behalf of everyone you have guided, thank you for being our role models and for continually nurturing our dreams. Your influence will forever resonate in our actions and achievements.

Thank you, from the bottom of our hearts.
