

Ladies and gentlemen,

Today is a day filled with joy and love. We gather here to open our hearts and home to someone very special. Joining our family is more than just welcoming an older child; it's about embracing a new journey together.

[Child's Name], from the moment we met you, we knew our hearts had found their missing piece. You bring joy with your laughter, wisdom in your stories, and warmth to the simplest moments.

Your courage and strength inspire us every day. We want you to know that this is your home and we are your forever family. We promise to support you, celebrate your achievements, and walk with you through any challenges.

We look forward to creating new memories, sharing laughs and tears, and growing as a family. On behalf of everyone here, welcome home. Our hearts are fuller because of you.

Thank you.
