

Ladies and gentlemen,

Today we gather to celebrate a journey of transformation--not just for a child, but for an entire family. International adoption is more than a legal process; it's an act of love that transcends borders, languages, and cultures.

Imagine the joy and hope in the eyes of a child who has traveled thousands of miles to become part of a loving family. Picture the warmth, laughter, and the new traditions formed as two worlds come together. This is the beginning of an extraordinary journey where every day becomes a blend of shared experiences and cultural richness.

To the adoptive parents, your courage and commitment in opening your hearts and homes are truly inspiring. Your willingness to embrace the unknown and carve out new paths is a testament to the power of love. You are not just changing a child's life; you're enriching your own with boundless love and learning.

To the children, you hold the power to unite hearts, to teach kindness, and to show the world that we are all connected, no matter where we come from.

Let's celebrate this beautiful union today and wish for a future filled with love, understanding, and endless possibilities for every transformative-family journey that begins with international adoption.

Thank you.
