
****Title: Navigating Thesis Defense Rejection with Professionalism****

Ladies and gentlemen, esteemed committee members,
First and foremost, I would like to express my sincere gratitude for the invaluable feedback and insights I have received during this thesis defense. I understand that the outcome was not what I had hoped for, but I am committed to addressing the concerns and recommendations provided by this distinguished panel.

I recognize that my research may not currently meet the full academic rigor expected, and I am sincerely appreciative of the constructive criticism offered. I am determined to use this as a critical learning opportunity to enhance my work.

I wish to assure you all that I am committed to revising my thesis according to the feedback shared today. I will meticulously reassess my study's methodology and expand my literature review to encompass a broader range of perspectives. Additionally, I will refine my data analysis to ensure precision and clarity.

Thank you once again for your dedication and for sharing your expertise with me. I genuinely value the time you have invested in reviewing my work, and I look forward to the opportunity to resubmit an improved thesis that reflects my commitment to academic excellence.

With gratitude and respect,
[Your Name]
