

Title: Constructive Feedback for Thesis Defense

Dear [Student's Name],

Thank you for presenting your thesis defense on [Thesis Topic]. We appreciate the effort and dedication you have invested in your research. After careful consideration, we have decided that your thesis does not yet meet the required standards for approval.

This decision should not be seen as a failure but as an opportunity for development and refinement. Here are some key areas for improvement:

1. **Literature Review**: Expand your literature review to include more recent studies. This will ensure your research is grounded in current knowledge and trends.
2. **Methodology**: Consider enhancing the robustness of your methodology. A more detailed explanation of your research design and data analysis would strengthen the validity of your findings.
3. **Data Analysis**: Increase the depth of your data analysis. Providing additional context and interpretation will help clarify your conclusions.
4. **Clarity and Structure**: Focus on improving the clarity and organization of your presentation. A well-structured thesis with clear arguments will enhance understanding and impact.
5. **Future Research Directions**: Clearly outline potential areas for future research. This demonstrates an awareness of the broader implications of your work and its contribution to the field.

We believe that with these enhancements, your thesis can reach its full potential. We encourage you to work closely with your advisor to address these points, and we are confident that you can successfully revise and defend your thesis in the near future.

Please feel free to reach out if you have any questions or need further guidance. We look forward to seeing your progress and future success.

Best regards,
