

Ladies and gentlemen, thank you for the opportunity to speak. I stand before you today as a concerned shareholder regarding the proposed policy change. My primary objection is that the change may negatively impact shareholder value.

Firstly, the new policy seems to prioritize short-term results over long-term growth, which could lead to instability. I am also concerned about the lack of transparency in how this decision was made. As shareholders, we deserve a comprehensive analysis of potential risks and benefits.

Furthermore, this policy might steer our company away from our core values, affecting our reputation and stakeholder trust. I urge the board to reconsider or amend the proposed changes, ensuring they align with the company's long-term vision and our collective interests.

Thank you for your attention.
