

Certainly, here's a simple objection speech for a mock trial:

---

"Your Honor, I respectfully object to the testimony being presented by the witness on the grounds that it is hearsay. The witness is referencing statements made by someone not present in the court to testify, and as such, these statements cannot be verified for their accuracy. I kindly request that this portion of the testimony be stricken from the record."

---

Feel free to adapt this template to suit the specifics of your mock trial scenario.
