

Hey everyone!

Can I get a round of applause for the soon-to-be parents? You guys have been so busy getting ready for this little one, I half expect you to show up with a master's degree in diaper changing!

Now, isn't it amazing that our colleague, who still forgets where they put their phone a million times a day, is about to be responsible for a tiny human? This is going to be interesting to watch, folks!

We all know how dedicated you are at work, but let's be honest, none of us are going to miss your snooze appointment reminders every morning. Instead, you'll have a real-life alarm clock named Baby waking you up at odd hours!

But in all seriousness, we couldn't be happier for you. You're going to be fantastic parents. And just remember, when it gets too chaotic, hideout days at work are always an option!

Let's raise our cups to endless nights, countless joys, and this wonderful new adventure. Congrats, and good luck! You're going to need it. Cheers!
