

Ladies and Gentlemen,

Welcome to our annual charity race, where every step counts towards making a difference! Today, we are not just running miles, but we are racing towards hope, kindness, and change. Your energy and passion are what propel this incredible movement forward.

As we lace up our sneakers today, let's remember the cause that brings us together. Every sprint and stride symbolizes our commitment to help those in need. Whether you're dashing to the finish line or walking at your own pace, each and every one of you is a champion for our cause!

Feel the energy in the air! Let's channel this enthusiasm into fuel, pushing us to exceed our limits, while supporting those who need it most. Every dollar raised today will have a lasting impact, transforming lives and communities.

So, let's get ready to run, cheer, and change the world, one step at a time! Let your spirit soar and your heart race with purpose. Thank you for being part of this incredible journey.

On your marks... get set... GO!

Thank you!
