

Good evening, everyone.

Thank you so much for joining us tonight. We are here because we all believe in a brighter future for our children. As we look around, we see the incredible potential within these walls--potential that comes from care, compassion, and courage.

Today, I want to talk to you about something that goes beyond ourselves--legacy giving. It's about planting seeds today that will grow and nurture tomorrow. It's about giving children the chance to dream, to recover, and to reach their full potential.

Your legacy donation can be the foundation of hope for countless children and their families. It's not just a gift; it's a promise. A promise that no child will ever feel alone during their most challenging times, that they will always have the support and care of this wonderful community. Please consider joining us on this journey. Together, we can make sure that our Children's Hospital continues to be a place of healing and hope for generations to come. Your gift will echo through the years, turning dreams into reality for so many young lives.

Thank you for believing in a future where every child can thrive. Let's make that dream come true.

Thank you.
