

Good morning, everyone.

Thank you for joining us today. As we gather here, we're not just focusing on our business growth, but also on how we contribute to the world around us. Our commitment to sustainability is not just a value; it's a driving force that guides every decision we make.

Today's agenda is to explore how we can continue to innovate while reducing our environmental footprint, enhancing our social responsibility, and delivering value to our stakeholders.

Let's work together to build a future where success is measured not only by profits but by the positive impact we create.

Thank you.
