

Sure, here's a simple example:

As the sun dips below the horizon's gentle curve,
A celebration blooms for the heart we all serve.
Your presence, a melody, sweet and profound,
Fills the room with warmth that knows no bound.
On this day, stars twinkle with extra delight,
For they witness your grace and your radiant light.
A journey unfolds, a year more to embrace,
With laughter and love, in your own special place.
Time dances softly, like leaves in the breeze,
Capturing moments, memories to seize.
So let us toast to your dazzling year,
To dreams whispered closely, and loved ones near.
May your path be adorned with all that you seek,
With happiness blooming, week upon week.
Happy Birthday, dear soul, enchanting and bright,
May your days be as lovely as a moonlit night.
