

Ladies and gentlemen, gather near,  
As we celebrate a love so dear.  
Here stands a pair, hearts entwined,  
A journey of love, perfectly aligned.  
Like a gentle breeze through fields of gold,  
Their story of romance beautifully unfolds.  
With every glance, and every touch,  
They show us love, a feeling pure and such.  
In the garden of life, they've sown the seeds,  
Of laughter, of joy, of all their sweet deeds.  
May their days be like sunsets, warm and bright,  
Guided by love's ever-glowing light.  
So lift your glasses, to this lovely pair,  
May their lives be filled with happiness, beyond compare.  
To [Bride] and [Groom], on love's garlanded way,  
Cheers to your forever, starting today.
