

Ladies and gentlemen,

We stand here today with one voice, demanding change and justice. Our streets are not just pathways, but the outlines of our hope for a government free from corruption. For too long, we have watched political leaders pocket our future for their gain. We see cuts in education, healthcare, and infrastructure, while lavish lifestyles are funded by our hard-earned money.

This must end now!

We refuse to accept lies and deceit as the norm. We demand accountability, transparency, and honesty. We will not back down until those who betray our trust are held responsible. Together, we can reclaim our resources, our dignity, and our future.

Rise with me, fight with me, and let's restore integrity to our governance. The time for change is now!

Thank you!
