

Ladies and gentlemen,

Today, I stand before you filled with a multitude of emotions as I reflect on my journey as a nurse. It has been a profound privilege to dedicate my life to a profession that has allowed me to touch so many lives.

As nurses, we have been the steady hands and caring hearts at the bedsides, the ones who have shared in the joys of recovery and the sorrows of loss. Each shift brought its own challenges and triumphs, and through it all, I have been fortunate to work alongside incredible colleagues who share the same passion and commitment.

I remember my first day vividly, filled with excitement and a touch of apprehension. Over the years, I've learned from every patient and family, and each experience has shaped me into the person I am today. The laughter, the tears, and the moments of silent reflection have all been part of this journey.

To my colleagues, thank you for your unwavering support, your friendship, and your dedication to this noble cause. I am grateful for every shared moment, every lesson learned, and every story told. Our bond as a nursing family will forever hold a special place in my heart.

As I retire, I carry with me not just memories, but a deep sense of pride in the work we have done and the lives we have impacted together. I look forward to new adventures while cherishing the past.

Thank you, from the bottom of my heart, for being a part of this remarkable journey.

With gratitude and warmest regards.
