

****Prototype Engagement Proposal Speech:****

[Setting: A quiet garden setting, with twinkling fairy lights and a gentle breeze.]

[You kneel down, holding a small velvet box.]

"My dearest [Partner's Name],

From the moment I first saw you, my heart knew that it had found its rhythm. Like the cherry blossoms that bloom each spring, our love has deepened with each passing season. I remember our first date, strolling through the lantern-lit streets of the festival, the scent of jasmine in the air, and knowing even then that this was the beginning of a wonderful journey.

You are the moon to my night, a constant and shining presence that guides me through life's darkest paths. Together, we've navigated bustling city streets and serene countryside trails, creating memories that are as colorful and vibrant as the markets we love visiting.

Today, amidst the whispers of the tea leaves and the gentle hum of our favorite melody, I stand before you with a heart full of love. Will you take this ring, and with it, my promise to cherish and support you, to share laughter when the firecrackers light the sky, and to find peace beside you in tranquil moments?

Will you marry me?"

[Present the ring and wait for their response with heartfelt anticipation.]
