

Ladies and gentlemen, may I have your attention, please? I promise this won't take longer than a rom-com's climax scene!

First off, thank you all for being here. It's great to see so many familiar faces, even if some of you just came for the free champagne. Don't worry, I'd do the same!

Now, onto the main event. [Partner's Name], we've been on a wild ride together--kind of like a roller coaster but without the seat belts. From binge-watching shows to arguing over who left dishes in the sink, it's been an adventure.

People say "marry someone who makes you laugh," and yet she still said yes to me. Go figure!

But in all seriousness, [Partner's Name], I can't imagine doing life's ups and downs with anyone else. You're my favorite person--not just because you have the Netflix password.

Will you make me the happiest person by agreeing to spend forever with laughter and love... and maybe a few more dishes?

Thank you, everyone, let's raise a glass to love, laughter, and a lifetime of memories! Cheers!
