

My love,

From the moment I met you, my life changed in the most beautiful way. Every day with you is filled with laughter, warmth, and a joy that I never thought possible. Your kindness, your smile, your heart--they inspire me to become a better person.

Today, standing before you, I can't imagine spending my life with anyone else. I promise to support you, to honor you, and to cherish every moment we share. Will you do me the incredible honor of being by my side forever? Will you marry me?
