

My dearest friend,
In the garden of life, our friendship has been a blooming rose,
A tapestry woven with laughter, whispers, and solace.
Through sunlit days and starry nights, our bond has grown,
An unyielding beacon of love and trust, deeply sown.
Today, as the sun paints the sky in hues of our memories,
I find myself at a crossroads of dreams and realities.
With a heart full of hope and a world of endless chance,
I ask you, my beloved friend, for more than just a dance.
In this life's voyage, let our hearts entwine,
Be my partner, my love, my eternal sunshine.
With you, every step is a melody, every moment sublime,
Will you walk with me, forever intertwined?
Will you marry me, and be my forever partner in this flow,
As together, we weave a love eternal, with roots that grow?
