

Good afternoon, everyone.

I want to take a moment to discuss a concern regarding the recent grades we received. I understand that grading can be challenging, and mistakes can happen, but I believe there may have been some discrepancies in how the grading was applied.

It's important for us to ensure that grades are reflective of our efforts and understanding. If there's a possibility to review the grading criteria or provide more feedback on specific assignments, it would be greatly appreciated. This could help us identify areas for improvement and ensure fairness.

I am confident that by addressing this issue, we can work together to maintain the high standards of our learning environment.

Thank you for your attention to this matter.
