

Ladies and gentlemen,

Welcome to our orientation session. Today, we are laying the foundation for a safe and secure environment. Safety is our commitment, and it begins with each of you.

Here at [Company/Organization Name], your well-being is our top priority. We believe that everyone has the right to work and be in a space where they feel safe and secure.

Safety is not just a policy; it's a commitment. We're committed to maintaining a space where every person is alert and aware. We expect each of you to take responsibility for your safety and the safety of others around you.

Remember, if you see something, say something. Communication is key, and your voice is powerful in helping us maintain this environment.

Let's work together to create a culture of safety, where everyone leaves as healthily and securely as they arrived.

Thank you for your attention, and I look forward to a productive and safe experience for everyone.
