

Subject: Concern Regarding Allergen Information

Hi [Manager's Name],

I hope this message finds you well. I recently dined at [Restaurant Name] and wanted to bring up a concern. I noticed that there wasn't detailed information about allergens on the menu. As someone with food allergies, it's crucial for me to know what ingredients are in each dish to ensure my safety.

It would be really helpful if allergen information could be included next to each dish on the menu. This would make it easier for guests like me to make informed choices and enjoy our meals without worry.

Thank you for considering this feedback. I love dining at [Restaurant Name] and hope this can be improved for the safety and comfort of all guests.

Best regards,

[Your Name]
