

Ladies and gentlemen,

I stand before you today with a heavy heart and a sense of disappointment. Many of us relied on what was, without a doubt, a vital service in our daily lives. The sudden cancellation of this service has caused significant inconvenience and frustration to a large number of us who depended on it.

Our community thrives on the consistency and reliability of such services, and their abrupt discontinuance leaves us in a challenging position. We urge the service providers to reconsider this decision and to understand the impact it has on all of us.

Thank you for your time and attention.
