

Hello everyone,

I want to take a moment to clarify the requirements for your upcoming assignment to ensure everyone understands what is expected. Your assignment consists of several key components:

1. **Topic Selection**: Please choose a topic from the list provided. Make sure it's one you're interested in and can elaborate on.
  2. **Length and Format**: Your paper should be approximately 1000 words, typed, and double-spaced. Use a 12-point Times New Roman font with 1-inch margins.
  3. **Research and Sources**: You must use at least three credible sources to back up your arguments. These can be journal articles, books, or reputable websites. Please include a bibliography at the end.
  4. **Structure**: Your assignment should have a clear introduction, body, and conclusion. Start with a hook, followed by your thesis statement in the introduction. The body should contain your main arguments with supporting evidence. Conclude by summarizing your main points and restating the thesis in a new way.
  5. **Submission**: The deadline for submission is next Friday by 5 PM. Please upload your assignment to the learning management system in PDF format.
  6. **Grading Criteria**: Your work will be assessed based on clarity, depth of research, originality, and adherence to the guidelines.
- If you have any questions or need further clarification, feel free to ask during class or send me an email. Good luck, and I look forward to reading your submissions!
