

Hello Team,

I just wanted to take a moment to ensure we're all on the same page regarding our current project. We've set a goal to complete the initial phase by the end of this month, and I want to make sure everyone is clear about their roles and responsibilities.

Jane, you'll be leading the design process, so your creativity and eye for detail will be essential. Make sure to touch base with the marketing team to align on key themes.

Mike, you're handling the data analysis. Your insights will drive our decisions, so please keep the team updated with weekly reports.

Emma, you'll coordinate with the tech team to ensure our tools are functioning smoothly. If there are any roadblocks, don't hesitate to reach out for support.

Remember, this is a team effort. Let's communicate openly, support each other, and keep the lines open for any questions or assistance you might need. Together, we'll make this project a success.

Thank you, and let's continue to build on our strengths as a team!

Best,
