Hello everyone,

Thank you for joining us today. I'm here to provide some clarification on our clinical trial participation.

First, we want you to know that your involvement is entirely voluntary.

If you choose to participate, you will have the opportunity to contribute to important medical research and potentially help improve health outcomes for others.

The trial includes several stages: screening, the treatment phase, and follow-up. We will monitor your health closely during all these stages to ensure your safety and well-being.

It's important to understand all aspects before deciding, so please don't hesitate to ask any questions. We are here to support you with any information you need.

Thank you for considering being a part of this valuable research.
