

****Ladies and gentlemen, respected teachers, and my fellow students,****
****Today, I stand before you to talk about the vital role of leadership in our school and beyond. Leadership is not just a title; it is a responsibility. It is about making decisions that benefit everyone, inspiring those around us, and setting a positive example for others to follow.****

****As students, we have countless opportunities to lead every day, whether it's guiding a team project, supporting a classmate, or simply making choices that reflect our best selves.****

****Effective leadership involves listening, understanding, and acting with integrity. It is crucial that we encourage and uplift one another because together, we can achieve great things. Let's strive to create an environment where each voice is heard and every individual feels valued.****

****In conclusion, leadership is about impact. Let us all aspire to be the change-makers of tomorrow, starting with the actions we take today. Thank you.****
